

Mexican Delegation Tours Cuban Bio-Pharmacological Company

DE LAS INDUSTRIAS BIOTECNOLÓGICA Y FARMACÉUTICA

Havana, November 8 (RHC)-- A delegation of Mexican executives and businesspeople have visited companies belonging to Cuba's bio-pharmaceutical sector to assess business and cooperation prospects.

The Mexican visitors are also reviewing regulatory issues toward opening the Mexican market to Cuban biotechnological and pharmaceutical products.

Mexican ambassador Enrique Martínez said health cooperation, trade and joint scientific research between the two countries have increased significantly.
