

Pro- and Anti-Planned Parenthood Rallies Held Across the U.S.

Washington, February 16 (RHC)-- Thousands of people rallied across the United States in support of Planned Parenthood, in efforts to counter the planned anti-Planned Parenthood rallies.

Opponents of Planned Parenthood said they organized more than 100 rallies in more than 40 states. In a number of cities, when the anti-Planned Parenthood protesters showed up, they were met by even bigger crowds of people who support the women's health organization.

In Denver, for example, as many as 6,000 pro-Planned Parenthood people rallied, compared to only about 250 to 400 people who rallied to demand the defunding of the organization.
