

Cuba's Charcoal Shipping to Europe Improves Economy

Havana, April 20 (RHC-PL)-- The central Cuban province of Ciego de Ávila has sent some 210,000 tons of charcoal to Europe in little more than a decade, with the aim of improving the economy and increasing Cuba's financial capacity.

The commercialization of Cuban charcoal is carried out by Citrus Caribbean Corporation in countries like Italy, Greece and Portugal, as well as Spain, Great Britain and other European nations.
