

U.S. Government "Alien Crime" Hotline Flooded by Calls about Space Aliens

The screenshot shows the U.S. Immigration and Customs Enforcement (ICE) website. The header includes the ICE logo, the text "U.S. Immigration and Customs Enforcement", and a search bar. The navigation menu includes "Home", "Who We Are", "About", "What We Do", "Newsroom", "Information Library", and "Contact ICE". The main content area is titled "Victims of Immigration Crime Engagement (VOICE) Office". It features a large blue "VOICE" logo with the text "VICTIMS OF IMMIGRATION CRIME ENGAGEMENT" below it. A toll-free hotline number, "1-855-48-VOICE", is prominently displayed. Below the logo, there is a paragraph of text explaining the office's purpose and a "Mission Statement" section. To the right of the main content, there is a "Related Information" sidebar with links to "DHS-VINE Fact Sheet" and "VOICE Fact Sheet".

Washington, April 28 (RHC)-- In the United States, Homeland Security Secretary John Kelly officially opened the office of VOICE -- or Victims of Immigration Crime Engagement -- which the Donald Trump administration says is aimed at helping the victims of crimes committed by unlawful immigrants.

Critics say the VOICE program will demonize undocumented immigrants, comparing it to Germany's Nazi-era policy of publishing lists of alleged crimes committed by Jews.

Meanwhile, a hotline set up by VOICE to report crimes committed by aliens has been flooded with calls from people reporting they've been victimized by extraterrestrials.

One Twitter user urged her followers to dial the hotline, tweeting: "I plan on calling every day to report how badly these green aliens from outer space are treating me. How about you?"
