

Cuba and Yucatan Boost Relations

Cancun, April 3 (RHC)-- A bilateral commercial forum between Yucatan and Cuba has just concluded in Mexico with the participation of 35 Cuban business people with the aim of strengthening bilateral cooperation and working relations in the economic, commercial, tourist and cultural sectors.

The Cuban delegation to the forum includes executives from the pharmaceutical, food, health, sustainable development and marketing sectors.

This is the second Cuba-Yucatan Commercial Forum which is a result of the participation of the Mexican entrepreneurs at Havana's International Trade Fair, held last November.
