

International Construction Fair Opens in Havana

Havana, April 8 (RHC) Cuba and foreign construction experts will gather in Havana April 9 to 12 at the 10th international fair of that economic sector to foster professional exchange and exhibit new techniques and products; the event will take place at Pabexpo Pavilion, in this capital city.

The event, which was organized by the Cuban ministries of Construction and Foreign Trade and Investment, will promote local services and products, as well as the implementation of agreements to strengthen the Cuban construction sector.

The exhibit will include areas such as pre-fabricated and structural construction techniques, carpentry, smart buildings, labor training, construction materials and water resources, with the participation of experts from 23 countries of the world.
