

Donald Trump threatens to cut off federal funding for California's wildfires

Washington, November 5 (RHC)-- U.S. President Donald Trump has threatened to cut off federal funding for the climate-fueled wildfires currently raging across California.

On Twitter, Trump attacked California Democratic Governor Gavin Newsom, claiming he's done a "terrible job of forest management" and implying he would pull funding.

In response, Governor Newsom fired back at Trump: "You don't believe in climate change. You are excused from this conversation."
