

# *Cuba to be guest of honor at FIT 2020 in Argentina*

---

Buenos Aires, March 9 (RHC)-- Cuba will be the guest of honor at the International Tourism Fair of Latin America 2020, to take place in Buenos Aires. The gathering will show the benefits of an island considered one of the safest destinations in the world.

The Fair will be held from September 26 through the 29.

This year Cuba will be the honored country in two of the most significant events that Buenos Aires hosts, the Book Fair, with Havana as the guest of honor of its upcoming edition and the tourism fair.

Cuba has always had a systematic presence at the International Tourism Fair of America since its foundation, and hundreds of people eager to visit the island pass through the island's stand every year.

Despite the complex international context, the Caribbean island will continue working to position itself as one of the safest destinations in the world and with the best beaches.
