

All precautions are necessary to follow the uncharted territory of COVID-19

Havana, April 13 (RHC)— Dr. Francisco Duran, head of Epidemiology at the Ministry of Public Health urged the Cuban people to keep social distancing and isolation as the main actions to keep the novel coronavirus at bay.

The expert said that until now, there is no clarity about the cycle of contagiousness of the disease and that many people who are asymptomatic, are testing positive.

Dr. Duran's daily briefing for Monday, April 13, can be found [here](#).
