

Venezuelan people foil another terrorist infiltration

Caracas, May 4 (RHC)-- The Venezuelan people foiled another terrorist infiltration from neighboring Colombia, putting an end to a second attempt to breach the Bolivarian Republic's territorial integrity.

The Venezuelan movement, dubbed "El Pueblo Organizable", confronted eight mercenaries before they could infiltrate deeper into the Bolivarian Republic's territory. According to the Venezuelan authorities, the eight terrorists were arrested inside the town of Chuao in the Aragua state; they were armed and attempting to infiltrate to inflict harm to the South American nation.

This is the second time in the last two days that terrorists have attempted to illegally enter Venezuela via naval incursion from neighboring Colombia.

Venezuelan authorities are still investigating the attempted naval infiltration on Sunday, which saw the arrest of one U.S.-sponsored Drug Enforcement Agency (DEA) agent and the death of several terrorists.
