

Protesters gather outside Trump's Florida golf resort

Miami, June 6 (RHC)-- As protesters gathered for a 12th day in cities across the United States -- including New York City, Washington, DC, Chicago and Minneapolis -- about one hundred protesters gathered at President Donald Trump's golf resort in Florida.

The protest was organized by Latinos for Black Lives Matter. Many carried signs saying such things as "Vote Him Out" and "Don't Be A Bunker Boy," the latter a reference to reports that Trump went into the White House bunker last week when protests in Washington, DC got close to home. Trump insists he only went there briefly for an inspection.
