

Cuba reports three new cases of COVID-19 over the past 24 hours

Havana, July 21 (RHC)-- The National Director of Epidemiology of the Cuban Ministry of Public Health, Dr. Francisco Duran, reported three new cases detected of COVID-19, for a total of 2,449 positive cases across the island.

During his daily press briefing held Tuesday morning, Dr. Duran said that over the past 24 hours -- up until 12 midnight Monday night -- fortunately, no patients died from the coronavirus. A total of 87 patients have died in Cuba over the past several months.

To date, 2,321 patients have recovered -- with two patients released from hospitalization during the day on Monday.
