

International Tourism Fair to be held in May 2021 in Varadero

Varadero, August 16 (RHC)-- The Cuban International Tourism Fair (FitCuba) will meet next May at the Varadero beach resort in the western province of Matanzas, announced Prime Minister Manuel Marrero Cruz, during a working tour of the popular sun and sand destination.

"We plan to have a great Tourism Fair, with the participation of tour operators that can show new products and a Varadero with a renewed image, from the number of construction works that will impact on this peninsula," said the official in the meeting room of the Hotel Meliá Internacional.

Marrero Cruz, who noted the progress of the investment process in the Boulevard and the Plaza America Convention Center, said that in the Hicacos Peninsula, a group of facilities that were once a dream are now becoming a reality.

"The Boulevard is going to mark a milestone but a boost is required to meet the construction schedule," he said in relation to the group of objects of work, between 61st and 64th streets, which are expected to end for a date close to September 30th.

Regarding Plaza América, he stressed that the increase in category must be accompanied by a quality service, as must also happen in the rest of the hotel and extra-hotel entities of Varadero.
