U.S. daily coronavirus infections top 100,000.

Washington, November 5 (RHC)-- The United States reported more than 103,000 new coronavirus infections on Wednesday — the highest one-day toll for any nation since the start of the pandemic.

Seventeen states reported record hospitalizations on Wednesday, and the U.S. continues to lead the world in COVID-19 deaths with over 234,000 reported.

U.S. health authorities confirmed about 600,000 new cases just in the last week, also a record.
