New Delhi, April 22 (RHC)-- India has reported more than 300,000 coronavirus cases over the last 24 hours, the highest daily global total, while COVID-19-related deaths also jumped by a record.

India's daily jump of 314,835 cases surpasses the previous highest one-day rise in the world of 297,430 cases posted by the United States in January.

India's total cases are now at 15.93 million, while deaths rose by 2,104 to reach a total of 184,657, according to health ministry data.
