

Climate activists protest Shell sponsorship of London Science Museum Exhibit

Image not found or type unknown

London, May 21 (RHC)-- In Britain, scientists with the group Extinction Rebellion locked themselves to an exhibit at the London Science Museum to protest its sponsorship by oil company Shell.

London, May 21 (RHC)-- In Britain, scientists with the group Extinction Rebellion locked themselves to an exhibit at the London Science Museum to protest its sponsorship by oil company Shell.

Reports from London say that climate activists also staged an oil “clean up” outside the museum. One of the protesters said: “Shell is using the Science Museum to legitimize its crimes.”
