

Target Bans Guns in All Stores Following National Petition

Washington, July 3 (RHC)-- The retail giant Target has banned the carrying of guns in all of its stores across the United States, even in states where it is legal. In a statement, Target said carrying weapons "is at odds with the family-friendly shopping and work experience we strive to create." The move comes after the gun control group Moms Demand Action launched a national petition in response to pro-gun advocates who openly carried their weapons at retail stores.
