

Eight refugees found dead, dozens rescued on boat near Canary Islands

In Spain, coast guard sailors discovered the dead bodies of eight people in a boat transporting migrants and refugees. Sixty-two other passengers were rescued from the vessel, which had been drifting near the Canary Islands for a week.

Madrid, November 15 (RHC)-- In Spain, coast guard sailors discovered the dead bodies of eight people in a boat transporting migrants and refugees. Sixty-two other passengers were rescued from the vessel, which had been drifting near the Canary Islands for a week.

Authorities said the deceased migrants came from unspecified African nations.
