Palestinians call for probe into 1948 Tantura massacre

Ramallah, January 25 (RHC)-- The Palestinian Authority is calling for an international commission to investigate a massacre committed by Israeli forces in the Palestinian village of Tantura in 1948.

This comes after the Israeli newspaper Haaretz revealed there's a mass grave under the parking lot of the now-popular Dor Beach, of over 200 Palestinians executed by Zionist gangs in Tantura.

1948 marked the beginning of the violent Israeli occupation of Palestine, known as the Nakba.
