

112 Arrested in Immigration Protest at White House

Washington, August 1 (RHC)-- As the U.S. Congress deadlocked on the migrant crisis, 112 people were arrested outside the White House calling for President Obama to halt his record deportations.

The demonstrators called on Obama to take action to stop the separation of families and provide relief for tens of thousands of children fleeing violence and poverty in Central America. According to organizers of the protests, more demonstrations are planned for this weekend.
