

White House Accidentally Leaks Torture Report Talking Points to Associated Press

Washington, August 2 (RHC)-- The U.S. Senate report on CIA torture and rendition remains classified but new revelations emerged from it this week when the White House accidentally e-mailed talking points to the Associated Press.

The leaked document reveals the report's conclusion that CIA officials instructed U.S. ambassadors in countries hosting secret prisons not to tell their superiors at the State Department. A summary of the report is expected to be released in the coming weeks.
