Buenos Aires, October 26 (Web Network)-- Cuban Foreign Minister Bruno Rodriguez affirmed on Wednesday in Buenos Aires that Cuba will continue to fight tirelessly for the genuine integration of Our America, united in its diversity and guided by the postulates of the Proclamation of Latin America and the Caribbean as a Zone of Peace.

On his Twitter account, the head of Cuban diplomacy referred to his intervention at the meeting of foreign ministers of CELAC, the Community of Latin American and Caribbean States held in the capital of Argentina.

He also called for the strengthening and consolidation of that mechanism as a regional interlocutor.

In another message on the same social network, Rodriguez said that during the meeting he noted the CELAC's rejection of the application of unilateral coercive measures contrary to International Law, including lists and certifications against countries in the region.
