Havana, May 16 (RHC) -- The Cuban Boxing Federation confirmed Tuesday that boxer Yoennis Hernandez Feliciano left the Cuban delegation that took part in the World Championship of the discipline, in the city of Tashkent, Uzbekistan.

Hernandez had won the title in the 75 kilogram division and did not complete his return to the Antillean nation during a stopover in Panama.

This fact constitutes a serious indiscipline and breaks all ties between the athlete and the organization, which will immediately replace him for the commitments of the current season.
