Havana, July 7 (RHC)-- Deputies from the Santa Clara municipality, including President Miguel Díaz-Canel, arrived at the Los Pinos recreational gastronomic complex to check the current performance of the facility and the proposals for summer 2023.

Among the center's offers, which have great acceptance by the population, are the swimming pool area, with barbecue and bar; the international restaurant, as well as the Casa Fiesta, where activities are held for various audiences, said Miguel Amores Pérez, director of the entity.

He added that the institution's prices are affordable for people, compared to other state and private sector facilities.

The tour continues at the Consejo Popular Hospital Chambery, to check the investment in the collection of residuals on Colón Street, and then they will visit the textile production company Confecciones Francisco S.R.L.
