Washington, September 25 (RHC)-- The U.S. National Network on Cuba condemns the terrorist firebombing of the Cuban Embassy in Washington, DC, this past Sunday evening.

Two Molotov cocktails were hurled at the building Sunday, in the second violent attack in recent years.

The NNOC firmly believes that it is the US government and the Biden administration that is responsible for continuing to fund a campaign of violent, extremist hatred against Cuba.

A demonstration has been called for 5 p.m. EDT in front of Cuba's Embassy in Washington, DC.
