

*Israel's war cabinet vows to wipe
Hammas off the face of the earth*

Tel Aviv, October 13 (RHC)-- Israel's former defense minister, the opposition party leader and retired general Benny Gantz, said he would join an emergency wartime government and a war cabinet led by Prime Minister Benjamin Netanyahu and current Defense Minister Yoav Gallant.

Earlier this week, Netanyahu said every Hamas member was "a dead man," while Gallant said he would wipe Hamas off the face of the Earth.

There is a widespread belief that hundreds of thousands of Israeli troops are massing for a ground invasion of Gaza.
