

Over 50 bodies pulled from rubble of Gaza school bombed amid Israeli assault

Gaza City, November 13 (RHC)-- Palestinian civil defense officials say that more than 50 bodies have been recovered from the rubble of a school in northern Gaza where civilians were sheltering when it was destroyed during overnight Israeli bombardment.

Palestine's WAFA News Agency reported civil defense and ambulance rescue teams removed the blasted and crushed remains of victims of Thursday night's missile and artillery strikes on the al-Buraq School in the al-Nasr neighborhood of Gaza City. The outlet said that most of those killed were women, children, and elders.

The Times of Israel reports that Israel Defense Forces (IDF) officials have not yet commented on the attack.

Injured survivors of the attack were rushed to al-Shifa Hospital, which was hit by Israeli airstrikes at least four times over the past 24 hours.
