

Israeli army raids Jenin, killing 11 Palestinians and arresting leaders of Freedom Theatre

Jenin, December 15 (RHC)-- In the occupied West Bank, Israel's military has killed at least 11 Palestinians since Tuesday as it carries out its most intense raids since Hamas's surprise attack on October 7th.

On Wednesday, Israeli soldiers raided the Freedom Theatre in Jenin, a renowned cultural institution whose mission is to fight for Palestinian justice, equality and self-determination. Two of the theater's producers, Ahmed Tobasi and Mustafa Sheta, were reportedly taken away by Israeli troops -- their whereabouts unknown.
