

Displaced Palestinians blast Blinken for helping Israel kill children

Rafah, January 9 (RHC)-- In southern Gaza, displaced Palestinians denounced Tony Blinken and the United States for supporting Israel's genocide assault.

As the U.S. secretary of state met with Israeli officials in Tel Aviv, a community organizer in Rafah, Mohammed al-Qassas, told reporters: "We hold America and Blinken accountable, as they helped Israel kill children and provided weapons. So, whether Blinken comes or not, he will never change anything. We will remain steadfast, and victory will be for us. We will show America and Israel something that they have never seen."
