Gaza City, March 12 (RHC)-- Israeli forces have reportedly again attacked Palestinians waiting for aid trucks at the Kuwait roundabout south of Gaza City, killing seven people, the Wafa news agency reports.

More than 20 people injured in the attack were transferred to the Al-Shifa Medical Complex, Wafa added, citing medical sources.

Gaza City is in the north of the Gaza Strip, which has been almost completely cut off from aid, with only a small amount of trucks reaching the city from Rafah in the south.
