

Video shows Israeli forces targeting and killing group of unarmed Gazans

Image not found or type unknown

Khan Younis, March 22 (RHC)-- Al Jazeera has shared video that appears to show an Israeli drone targeting, then launching an air attack on a group of at least four unarmed civilians as they were walking in an open area of Khan Younis in Gaza.

One young man, who survived the first bombing, attempts to leave the scene before being killed in another strike.

The shocking video is said to date back to February but was released Thursday.
