

Gaza solidarity protests fill the streets of cities around the world

Santiago de Chile, March 25 (RHC)-- Protests continued around the world this weekend.

In Ireland, tens of thousands of people marched in Dublin to demand a ceasefire and freedom for Palestinians.

In Chile, members of the Palestinian community, which is believed to be the largest Palestinian community outside of the Arab world, gathered with allies to call on President Gabriel Boric to break off all diplomatic relations with Israel.

One organizer in Santiago de Chile, Luis Ramirez, told reporters: "We stand with the oppressed and against the oppressors. We are here to say, 'No more crimes against humanity, so we protest. No more relations with the criminal state of Israel, which insults our nation.'"
