Washington, May 8 (RHC)-- The administration of U.S. President Joe Biden has approved another \$827 million for weapons and equipment for the Israeli military.

While The New York Times reports that the White House withheld sending 3,500 bombs to Israel last week out of fear the bombs could be used to attack Rafah, Politico confirms that the Biden administration has indefinitely delayed issuing a report to determine whether Israel has violated U.S. and international law in its war on Gaza.
