Havana, May 31 (RHC)-- Cuban President Miguel Díaz-Canel expressed today on his account in X, his confidence in the ability of the Caribbean nation to face and overcome the complex situation it is going through.

"If in difficult times Cuba has responded to great challenges, what cannot be done when the context is less adverse," the president highlighted on the social network.

Such conviction, Díaz-Canel noted on the platform, was ratified during the visits made weekly by the country's top leadership to municipalities to evaluate good work experiences and learn about the status of the territory's economic and social programs.

This week, accompanied by the Secretary of Organization of the Communist Party of Cuba, Roberto Morales, the president visited the municipalities of Santa Cruz del Norte (Mayabeque), Jagüey Grande (Matanzas), Yaguajay (Sancti Spíritus) and Sagua la Grande (Villa Clara) . (Source: Prensa Latina)
