## Carta de fecha 22 de mayo de 2024 dirigida al Secretario General, al Presidente de la Asamblea General y a la Presidencia del Consejo de Seguridad por el Representante Permanente de Cuba ante las Naciones Unidas

Tengo el honor de dirigirme a usted para transmitir la declaración de Relaciones Exteriores titulada "EE. UU. debe sacar a Cuba, de una lista de Estados que supuestamente patrocinan el terrorismo", de fecha 22 de mayo de 2024, mediante la cual se denuncia la injusta inclusión de Cuba en la lista de patrocinadores del terrorismo elaborada por los Estados Unidos (véase el documento A/79/1000).

Tengo el honor de solicitarle amablemente que la presente carta se distribuya como documento de la Asamblea General, en relación con el programa, y del Consejo de Seguridad.

*(Firmado) Ernesto Soberón*

Representante Permanente de Cuba ante las Naciones Unidas

Havana, June 8 (RHC) -- The permanent representative of Cuba at the UN, Ernesto Soberón, reiterated to the secretary general of the United Nations, António Guterres, the complaint for the inclusion of his country on the United States terrorist list, which emerged this Saturday.

In a communication also addressed to the president of the United Nations General Assembly and the presidency of the Security Council, Soberón transmitted the statement of the Ministry of Foreign Affairs (MINREX) titled "The United States must remove Cuba, once and for all, from the list." of States that allegedly sponsor terrorism.

This text denounces this unfair inclusion and emphasizes that it is not enough to simply recognize that Cuba cooperates fully with Washington's anti-terrorist efforts.

Likewise, Soberón requests that the letter and its annex (the MINREX statement) be distributed as a document of the General Assembly, in relation to agenda item 109, and of the Security Council.

The US State Department reported that Cuba was eliminated from among the countries that, according to Washington, "do not fully cooperate" in the fight against terrorism.

For its part, the Cuban Government considered the provision insufficient, which is not equivalent to the elimination of the list of countries sponsoring terrorism, which implies serious limitations for the economic and commercial exchange of the Caribbean country. (Source: Prensa Latina)
