

JD Vance takes shots at Kamala Harris at Pennsylvania rally

Philadelphia, August 30 (RHC)-- U.S. Republican vice presidential candidate JD Vance has ramped up his attacks on Kamala Harris, saying at a rally in Erie, Pennsylvania, Wednesday she can “go to hell.”

Vance criticized the Biden administration for failing to fire anyone over the death of 13 U.S. troops who died during the chaotic withdrawal from Afghanistan three years ago.

Sen. JD Vance said: “Kamala Harris is so asleep at the wheel that she won’t even do an investigation into what happened. And she wants to yell at Donald Trump because he showed up? She can — she can go to hell.”

This comes as newly resurfaced comments show JD Vance claiming childless teachers “brainwash” and “destroy” the minds of children. The right-wing senator converted to Catholicism in 2019 -- and he forgot to address whether nuns or priests should teach children.
