Cienfuegos, September 1 (RHC)-- “From the community, we make Cuba” is the slogan of the Communications Campaign of the First Process of accountability of the delegate of the People's Power, corresponding to the XVIII Period of mandate, which will be carried out across the island from September 20th to November 15th.

In this province of central and southern Cuba, they are preparing the conditions so that the presidents of popular councils and the delegates have a clear idea of ??what is intended for the process already organized with its calendar of meetings, explained in a press conference. Omar González Naranjo, official of the Independent Department of the National Assembly of the People's Power.

“The governor of the Cienfuegos territory, says, together with us, the department has made a tour of the eight municipalities, specifying all the proposals that have been left pending, and the treatment that is being given to the concerns or complaints of the population.”

Omar specified that together with the directors of companies, the government and the administration councils, they are checking the pending proposals in each municipality and resolving all that can be, despite the limitations of resources due to the inhuman blockade that the US government is increasing.

He reported that on September 15th, the assemblies of the People's Power will meet in all the municipalities, prior to the accountability process.
