Washington, September 24 (RHC)-- ProPublica has revealed USAID and the State Department's refugees bureau both concluded this spring that Israel had deliberately blocked deliveries of food and medicine into Gaza.

But U.S. Secretary of State Antony Blinken and other top Biden officials rejected the findings of the agencies — the two foremost U.S. authorities on humanitarian assistance. Blinken's decision allowed the U.S. to keep sending arms to Israel. Under U.S. law, the government is required to cut off weapons shipments to countries preventing the delivery of U.S.-backed aid.
