Gaza City, December 5 (RHC)-- Israeli forces again bombed the so-called "safe zone" in Gaza's al-Mawasi, killing at least 20 people and wounding dozens more.

According to Al Jazeera's correspondent, women and children were "incinerated" in the attack.

Israeli forces continued air raids on southern Lebanon despite a ceasefire deal with Hezbollah, claiming an attack on what it called a launchpad in the Majdal Zoun area.

Israel's genocide in Gaza has killed at least 44,532 Palestinians and wounded 105,538 since October 7, 2023. At least 1,139 people were killed in Israel during the Hamas-led attacks that day, and more than 200 were taken captive.

In Lebanon, at least 4,047 people have been killed and 16,638 wounded in Israeli attacks since the war on Gaza began.
