77 Palestinian lives over past day*

Gaza City, December 21 (RHC)-- Israel's relentless attacks across the Gaza Strip killed at least 77 Palestinians over the past 24 hours.

An Israeli strike on two schools turned shelters killed at least 15 displaced Palestinians in Gaza City.

Meanwhile, Israeli forces have continued their brutal siege on north Gaza with attacks reported in Beit Hanoun. Israeli quadcopters were also seen shooting civilians in Jabaliya al-Balad.

Meanwhile, the United Nations General Assembly on Thursday overwhelmingly approved a resolution asking the International Court of Justice to assess Israel's obligations to facilitate the delivery of U.N. and international aid to Palestinians in Gaza. Israel has repeatedly blocked the entry of lifesaving aid into the besieged territory.

In more related news, Doctors Without Borders said in a new report, published Thursday, that Israel's war on Gaza shows clear signs of ethnic cleansing.
