

Jewish group calls on all countries to cut off ties with Israel

Tel Aviv, January 13 (RHC)-- A Jewish group, calling itself Torah Judaism, has urged world countries to cut off all ties with Israel which, it said, is founded on the "perverse ideology" of Zionism.

"We call on all states and peoples to cut off all relations with Israel and the Zionists, do not help them, do not let them into your country, because if they sense that you have shown the slightest weakness, they will try to crush you, dominate you and enslave you," it wrote on X.

Zionism, which constitutes the main pillar of Jewish nationalism with the ultimate goal of creating an entity in Palestine, "is a perverse ideology created by an irreligious atheist man", it said, referring to Theodor Herzl.

"Zionism has nothing to do with Jews and Judaism; the aim of the Zionists is to make Zionism the religion of the Jews and to destroy Judaism," it said.

"Before it is too late, expel this cursed perverted community from your country and do not support them. They once sold out Jews and collaborated with the Nazis just to establish a state," it said of the Zionists.

"Zionists founded their state on the blood of the Jews and they sacrificed millions of Jews. The perverted atheist Theodor Herzl said that they would not hesitate to sacrifice some people in order to establish a state."

According to Torah Judaism, "millions of Orthodox Jews who opposed Zionism were sent to the death camps by the Nazis with the cooperation of the Zionists".

"Today, when Zionists see anti-Israeli Jews who do not accept Zionism, the first thing they say is: Hitler should have killed you too, you all deserve to die in the gas chambers," it said, referring to Adolf Hitler who is said to have overseen a genocide against Jews and others during World War Two.

Zionists, the group said, "express the thoughts they have hidden in their hearts without any hesitation when they see religious Jews, because Zionists are Nazis and they collaborated with the Nazis and killed the Jews".

Zionists secretly financed the Nazis who were in power in Germany, it further said. Israel in its current shape, the group Torah Judaism said, "was founded on the dirty plans of Zionists and the blood of Jews."
