

World Food Program asks Trump to reverse cuts to emergency food aid

United Nations, April 10 (RHC)-- The World Food Program is calling on the Trump administration to reverse \$1.3 billion in cuts to emergency food assistance for 14 nations facing famine.

The WFP said in a statement: "If implemented, this could amount to a death sentence for millions of people facing extreme hunger and starvation." Secretary of State Marco Rubio had previously promised to preserve the funds.
