

Palestinian Activists Dig Through Separation Barrier 25 Years After Berlin Wall

Ramallah, November 10 (RHC)-- In a symbolic gesture, a group of young Palestinian activists marked Saturday's 25th anniversary of the fall of the Berlin Wall by breaking through a portion of the Separation Wall that bisects the occupied West Bank.

In a statement, the Palestinian popular committees said: "No matter how high walls are built, they will fall. Just as the Berlin Wall fell, the wall in Palestine will fall, along with the occupation."
