

30th Anniversary of Bhopal Disaster Marked

New Delhi, December 2 (RHC)-- Today marks the 30th anniversary of the Bhopal disaster, the worst industrial tragedy in history. Campaigners say more than 20,000 people died as a result of toxic gas that leaked from the Union Carbide pesticide factory, while half a million more were poisoned.

The toxic legacy continues as Union Carbide and its parent firm, Dow Chemical, have refused to pay for clean up or face charges in Indian courts.
