

Chilean Foreign Minister Confirmed, Others Remain in Office

Santiago de Chile, May 8 (RHC) -- Chilean Foreign Minister Heraldo Muñoz has been confirmed in his post by President Michelle Bachelet, while the rest of the ministers remain in office awaiting announced cabinet changes.

The president has a very good opinion about Heraldo Muñoz' performance, especially his role in the coordination of the team that represents Chile before the International Court in The Hague.

Bachelet took public opinion and political circles by surprise Thursday, announcing a change of cabinet in the course of the next 72 hours.
