

15,000 March in Finland to Denounce Lawmaker's Anti-Immigrant Comments

Helsinki, July 29 (RHC)-- In Finland, as many as 15,000 people attended rallies and protests Tuesday to denounce recent comments by an elected official that multiculturalism was "a nightmare."

The lawmaker is from the Finns Party, the second-largest in Parliament, which has backed strict immigration laws. Many are now calling for the official, Olli Immonen, to resign.
