

Cuba and Venezuela Exchange Educational Experiences

Caracas, October 1 (RHC)-- Educational specialists from Venezuela and Cuba shared methodological experiences during the 16th Joint Committee for Education, being held in Caracas, which will run until tomorrow, Friday.

Educators will assess the results of the bi-national educational projects proposed in the 15th intergovernmental commission between the two countries, held last year in Havana.

Cuban Deputy Minister of Education Cira Piñero highlighted the productivity of debates and exchanges among teachers to strengthen the work and analysis of the educational challenges of each country.
