

Report Reveals Top News Shows Give Trump 234 Minutes, Sanders 10 Minutes

New York, December 16 (RHC)-- A new report in the United States finds the flagship news programs at major networks NBC, CBS and ABC have dedicated 234 minutes this year to stories about Donald Trump -- compared to just 10 minutes for Democratic presidential pre-candidate Vermont Senator Bernie Sanders.

The gap comes despite Trump and Sanders often having similar levels of support in primary polls. The Tyndall Report found ABC's World News Tonight, for example, has devoted 81 minutes to Trump campaign stories -- and less than one minute to Sanders, for the entire year.
