

Saudi Bombardment Kills 60 Across Yemen

Sanaa, February 23 (RHC)-- Saudi Arabia's relentless bombardment of residential areas across Yemen has killed dozens of people in a matter of hours. Yemeni media said on Monday that around 60 people, many of them women and children, were killed as Saudi warplanes pounded areas in various provinces.

The deaths are the latest in Saudi Arabia's nearly one-year of air strikes against its southern neighbor. More than 8,300 people, among them 2,236 children, have been killed and 16,015 others injured since the start of the attacks.
