

Second Congress of Aesthetics and Health Underway in Havana

Havana, July 21 (RHC)-- Experts from more than 15 countries met Friday in Havana at the second International Congress of Aesthetics, Cosmetology and Aesthetic Medicine. The event includes the second Seminar of Responsible Aesthetics and the first symposium of spa and thermalism.

According to the program, experts giving keynote speeches include Dolly Nin, Deputy Minister of Health of the Dominican Republic, who will present on interdisciplinary work between the beautician and the esthetic doctor.

The Spaniard Alejandro Rubín, director of Termatalia, will talk on the theme 'Tendency of health and wellness tourism in the world', and Carlos Rosales, president of the Association of Aesthetic Medicine and Antiaging in Guatemala, brings a work entitled 'Derma-roller and Dermapen - Safe and effective use '.

In the context of the event, a trade fair will open, in which exhibitors will have the opportunity to participate in business roundtables.
